

# Home Contents Calculator

It is easy to underestimate how much your belongings are worth, and we have therefore developed the contents calculator below. Fill in the sums insured for each room of your house under the individual sections. Please remember that this should be the full cost to replace each item and therefore up to date valuations may need to be considered for valuable items such as jewellery and watches.

## 1. Living Room

### Contents

Sofas/Furniture

Curtains

Flooring

Other

Lighting

**Living Room Total**

## 2. Dining Room

### Contents

Furniture

Flooring
